

# Proclamation

**Whereas,** for more than 134 years, Alameda Municipal Power (AMP) has been a valuable community asset that contributes substantially to the well-being of Alameda residents through environmental stewardship, customer programs and services, economic development, and safety awareness; and

**Whereas,** residents of the City of Alameda highly value local control of community services and have chosen to operate a community-owned, locally controlled, not-for-profit electric utility. As consumers and owners of the electric utility, residents have a direct say in utility operations and policies; and

**Whereas,** AMP provides homes, businesses, and local government agencies with reliable, efficient, cost-effective, and 100% clean energy, and its local operation and workforce continue to make our community a better place in which to live and work; and

**Whereas,** AMP is a dependable and trustworthy institution whose lower rates translate into significant savings totaling \$22 million annually for Alameda residents and businesses, while directly contributing to the City of Alameda's economic vitality and quality of life with annual transfers of more than \$5 million.

**Now, therefore, be it resolved,** that AMP will continue to work to bring lower-cost, safe, reliable, and clean energy to our homes and businesses, as it has since 1887; and

**Be it further resolved,** that our community joins hands with more than 2,000 other public power systems in the United States in this celebration of public power and recognition that Alameda Municipal Power is good for consumers, businesses, the City of Alameda, and our nation; and

**Be it further resolved,** that I, Marilyn Ezzy Ashcraft, Mayor of the City of Alameda, do hereby proclaim the week of October 3-9, 2021 as

## Public Power Week 2021

in the City of Alameda and honor Alameda Municipal Power for its valued contributions to our City.

Marilyn Ezzy Ashcraft  
Mayor
