

Asset Inventory

The following table provides a list of buildings and open space owned by the City of Alameda, as well as other non-city owned buildings that serve critical community functions. The table describes the recovery priority for each building, based on its post-disaster importance for restoring community function. Information is also provided on the seismic retrofit status of each building, if known.

Recovery Priority:

- Critical = Life/Safety issues or needed for recovery within 1 week
- High = Needed for 90% recovery within one month, especially for vulnerable populations
- Moderate = Quick recovery would benefit City's overall recovery, especially for vulnerable populations, but alternatives available
- Low = Needed for property owner's recovery, but alternative available

Soft-Story **Buildings**

The following table provides a list of buildings identified as soft-story and are vulnerable to damage Alameda's Soft-Story Hazard Reduction Program and have not been seismically retrofitted.
