

2022 Special Event Permit Application Written Waste Management Plan

Waste Plan

Food & Drinkware:

- Food Vendors are required to use compostable plates, napkins, trays for food, eating utensils, and to-go containers.
- This is a “no straw” event.
- Beer & Wine concession will feature glassware. We will have compostable cups as a back-up in case we run out.
- Each vendor will receive digital copies of Alameda Zero Waste Pamphlet.

Waste

- ACI to provide 3 (x) 4 yd boxes. Location of drop is on the Taxiway along the length of the new temporary road. Confirmation of waste services arrangement for this event with ACI is: _____
- We will provide 4 sets of side-by-side 3-stream waste containers (Recycling, Organics, Trash), the Clear Stream System (see map for locations)
- Volunteers will be walking the site to remove stray litter and monitor clearstreams to ensure they are sorted properly.
- Volunteers will haul waste to the garbage collection point following each event and conduct a thorough sweep following each event to ensure no litter is blown offsite.

Food / Drink concessionaires

- Will be required to remove all FOG (fat, oil and grease) waste from the site
- Will be responsible for disposing of all wastewater at the graywater disposal tank

Event Clean up

Event management team will ensure that there is no litter left on site and will clean the area with brooms. We do not anticipate the need for power washing. If spot or location power washing is necessary, we will plan to capture all washwater with a wet vacuum and dispose of wastes with graywater disposal or directly to a sanitary sewer disposal connection.

Portapotties and Waste Stations

- 1 ADA and 7 regular portapotties with 4 hand washing stations will be placed beside the event parking area on the Taxiway.

Parking

- We will encourage attendees to come by bike or public transport
- Limited parking will be available on the Taxiway (see Parking plan attached)
- We will not be charging for event parking

Bike Parking

- 8 bike rack barricades will be provided for additional bike parking
