

## Special Needs Swimming Lessons Info Form

Our mission with your child is to allow them to have fun while exploring the water. The following questions will help us understand your child more so that we can plan a swimming lesson for them. These questions will also help us understand what you are looking for your child to learn by the end of the session.

Name:

Age:

Height:

Gender:

School grade:

What is the child's diagnosed special need?:

What is your child's experience in the water?:

Does your child communicate verbally? What is the best communication method?\*:

Is your child on a behavior plan that we could support (cue words, hand signals, picture schedule, etc)?:

Are there any physical limitations the instructor should be aware of?:

Are there any body movements we should encourage or discourage?\*:

Has your child used any type of flotation device (life vest, water wing, etc)? If yes, which ones?:

Are there any specific reinforcements that help your child succeed at home or school?\*:

What goals do you have for your child in this program?\*

Other important information we should know about? (i.e. fears, negative experiences, potty trained?, what makes your child happy, etc)?\*:

Desired dates and times for swim lessons:

Thank you for filling out this information form. We will get back to you in a timely manner.
