

Follow the Traffic Pattern

Paden Elementary School

REMEMBER:

- Starting October 2025, there will be protected bike lanes along the south side of Central Avenue, in front of Paden Elementary School
- When possible, walk, bike, or **park along a designated street and use the walking route** to get to school
- When entering/exiting the drop-off area, do not block the bike lanes and pull as far forward as you can in the drop off lane
- Be alert for pedestrians and bicyclists

NOTE:

There is active construction on Central Avenue between Pacific and 5th Street. Traffic patterns are subject to change. Use caution, follow signs and flaggers, and check the **Central Avenue Safety Project** website (alamedaca.gov/central) for up to date information.

METROPOLITAN
TRANSPORTATION
COMMISSION

The Alameda County Safe Routes to Schools Program is a program of the Alameda County Transportation Commission (alamedactc.org) and is funded with Alameda County's local Measure BB sales tax, and regional, state, and federal funds.
