

**Request for Qualifications (RFQ)
FOR
On-Call Consulting Services for:
Planning, Urban Design and Architectural Services;
Transportation Planning and Engineering Services;
Environmental Review Services; and
Financial and Economic Services**

FREQUENTLY ASKED QUESTIONS

1. Question: May the full resumes of key personnel (IV.2.a) be submitted as an appendix and not count towards the ten page maximum?

Answer: Yes, if needed.

2. Question: If we are submitting for multiple subareas, can we submit one proposal to address all subareas, or separate proposals for each subarea? How many copies should we provide?

Answer: One submission with three hard copies for EACH subarea you are responding to is acceptable if desired. Conversely, you may find that addressing each subarea sufficiently within the page limits is difficult for one or more reasons, such as different key personnel and/or experience in each subarea. In that case, entirely separate proposals may be necessary.
