Walks

All walks begin at 9:00 a.m. and last approximately one hour. Where walks are longer, they will be noted and new walks are indicated. Look for the red Alameda Walks hats! While we love furry pets, we prefer that they wait for you at home.

Listen carefully and you may hear echoes of the oversized 19th-century electric streetcar rumbling by us on the way to Ninth Street. Dennis Evanosky will lead this walk.

Then see where revelers once swam, danced, and enjoyed all the rides and attractions. Learn how Neptune Beach—which lasted from 1917 to 1939—was just one of the many beaches and baths that began their lives in 1878 and lasted until 1961. Dennis Evanosky will lead this walk.

Note: Walk lasts 1 hour, 15 minutes

July 11 Towata Park to Veteran's Court

Meet at Towata Park, 3315 Bridgeview Isle in the picnic area. We will discuss the history of Towata Park, then walk along the beach on unpaved trail. Lauren Eisele, Community Action for a Sustainable Alameda (CASA), will lead this walk.

July 25 Old Town of Alameda Walk

Meet at the Fountain on High Street and Encinal across from Encinal Market, 3211 Encinal Ave Suite C. This walk will explore the oldest of the three towns that people called home on the Alameda peninsula (the others were Encinal and Woodstock Landing). Let's go back to 1852 and learn how William Worthington Chipman and Gideon Aughinbaugh started the town. We'll stroll up High Street to the surprising location of the old wharf. Dennis Evanosky will explain why the founders called their town Alameda and share some curious details about many of the street names. Dennis Evanosky will lead this walk.

Note: Walk lasts 1 hour, 15 minutes

We'll learn how rail yards became Jean Sweeney Open Space Park and enjoy a look at some 19th-century Marcuse & Remmel creations on our way back to Marina Cove. Dennis Evanosky will lead this walk.

October 24 Burbank /Portola Neighborhood Walk

Meet at Washington Park, 1300 8th street at the corner of Eighth Street and Central Avenue. Let's recall the days when you could clamber around a locomotive that stood at our meeting place. Dennis Evanosky will share pictures of this attraction and tell of its fate.

Did you know that:

- A German rifle range and a velodrome once stood on the grounds of the Burbank-Portola neighborhood?
- The remains of a swimming pool hide under Washington Park's baseball field?
- A stately mansion that stood in the park burned in a mysterious conveniently timed fire?

We'll also learn how Utah Construction intruded on this neighborhood, took away the beaches and isolated the homes from San Francisco Bay. Dennis Evanosky will lead this walk.
