<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>
<td>What type of equipment can enter the lagoons?</td>
<td>Attachment D, Water Quality Certification, Page 2, Method of Sediment Removal, states, &quot;The corner areas of Lagoons 3 and 5 will be drained until mostly dry and the sediment excavated using land-based equipment such as an excavator. A skid-steer (Bobcat) loader could also be lowered into the lagoon if necessary to access areas out of reach of the excavator.&quot; Contractor must adhere to all permit requirements.</td>
</tr>
<tr>
<td>2</td>
<td>Have there been changes for the initial bid solicitation?</td>
<td>Yes. Drawings for the project have not changed from the initial bid solicitation but there have been changes to the specifications. Bidders are responsible for understanding the requirements of the bid package in its entirety.</td>
</tr>
